CONTENTS

Number 1, January, 1961

Nomenclature of the Bronchopulmonary Segments and Their Blood Supply. *Edward A. Boyden, Ph.D.* 1

Pleuro-Pulmonary Manifestations of Systemic Lupus Erythematosus. *Donato Alarcon-Segovia, M.D., and Donato G. Alarcon, M.D.* 7

High Dosage Isoniazid in Original and Retreatment Chemotherapy for Pulmonary Tuberculosis: Electrophoretic and Bacteriological Studies. *Harris J. Mark and Paul Thode, M.D.* 18

Evaluation of Lung Volumes and Intrapulmonary Gas Mixing in Diseased and Normal Children. *L. O. Baum, J. A. Murray, and N. H. Oldham* 28

Combined Therapy of Inoperable Lung Carcinoma with 5-Fluorouracil and Irradiation. *Forrest M. Willett, M.D., Laurance V. Foye, Jr., M.D., Merall Roth, M.D., and Byron E. Hall, M.D.* 38

Tuberculosis and Asthmatic Bronchitis in Sarcoidosis. *H. ten Have, M.D., and N. G. M. Orie, M.D.* 42

Radiotherapy in Thoracic Neoplasms. *Ralph Phillips, M.D.* 50

Pulmonary Artery Pressure Studies. Does Overdistension of the Lung Cause Hypertension? *Arthur F. Reimann, M.D., Edwin Tutt Long, M.D. William E. Adams, M.D., Angelo K. Ozoa, M.D., and Salvatore Nigro, M.D.* 56

Serum Enzymes in Bronchogenic Carcinoma and Other Pulmonary Diseases. *Lt. Jerome A. Gold, MC, USNR* 62

Pulmonary Atelectasis Complicating Bronchial Asthma. *Harry B. Greenberg, M.D.* 68

Cholesterol Pneumonitis. *John J. Sullivan, Jr., M.D., Louis R. Ferraro, M.D., Joseph L. Mangiardi, M.D., and Elgie K. Johnson, M.D.* 71

Diffuse Pleural Mesothelioma, Report of a Case in an Adolescent. *James Hendry, M.B., Ch.B.* 77

Pulmonary Alveolar Proteinosis, A Case Report. *Harold Stern, M.D., William F. Bond, M.D., and Nicholas C. Laios, M.D.* 82

SECTION ON CARDIOVASCULAR DISEASES

Hypothermic Perfusion and Circulatory Arrest for Surgical Correction of Tetralogy of Fallot with Previously Constructed Potts' Anastomosis. *John W. Kirklin, M.D., and Robert A. Devloo, M.D.* 87

Group A Beta Hemolytic Streptococci and Rheumatic Fever in Miami, Florida (Part IV). *Milton S. Saslaw, M.D., and Murray M. Streitfeld, M.D.* 92

Electrocardiogram of the Month: A-V Nodal Extrasystoles. *David Scherf, M.D.* 100

X-ray Film of the Month. *Henry K. Taylor, M.D.* 102

Chemotherapy of Pulmonary Tuberculosis: Management of Treatment Failures. *Committee on Chemotherapy and Antibiotics* 104

Report of College Interim Session 107

New Chapter Officers 108

Number 2, February, 1961

Air Space Studies with Special Reference to Emphysematous Air Spaces. *Oren A. Beatty, M.D.* 111

Four and One-Half Years' Experience in the Treatment of Emphysema and Other Respiratory Insufficiencies by Tracheal Fenestration. *E. E. Rockey, M.D., C. F. Blazsik, M.D., S. A. Thompson, M.D., and S. Virabutr, M.D.* 117

Preliminary Report: Epidemiology of Infections Due to the Atypical Acid-Fast Bacilli. *E. Charlton Prather, M.D., James O. Bond, M.D., Eldert C. Hartwig, M.S., and Frank P. Dunbar* 129

Pulmonary Eosinophilic Granuloma. *Richard I. Mazze, 2nd Lt., MSC, USAR; Robert D. Sellers, Lt., MC, USNR; Romulus L. May, Captain, MC, USN; Joseph J. Timmes, Captain, MC, USN; and Karl E. Karlson, M.D.* 140

Bovine Tuberculosis Eradication. *A. F. Ranney, D.V.M.* 150

The Concentration of I^{131} in the Bronchial Tree After Oral Administration of Tagged CaI_2 and KI. *M. López-Belio, M.D., W. J. Henderson, M. Mansueto, M.D., and Paul H. Holinger, M.D.* 158

Effect of Increasing Dosage of Streptomycin on Serum Levels of Antimicrobially Active Drug. *David Levy, M.D., William F. Russell, Jr., M.D., Simon Ninio, M.D., and Gardner Middlebrook, M.D.* 162

The Use of Atabrine (Quinicrine) in the Control of Recurrent Neoplastic Effusions. *Alfred Gellhorn, M.D., Jack Zaidenweber, M.D., John Ultmann, M.D., and Erich Hirschberg, Ph.D.* 165

Spontaneous Perforation of the Esophagus. *Glen A. Lillington, M.D., and Philip E. Bernatz, M.D.* 177

SECTION ON CARDIOVASCULAR DISEASES

Atrial Septal Defects of the Sinus Venosus Type: Surgical Considerations. *Denton A. Cooley, M.D., Paul R. Ellis, Jr., M.D., and Miguel E. Bellizzi, M.D.* 185

Bronchial Blood Flow in Patients with Chronic Pulmonary Disease and Its Influences upon Respiration and Circulation. *Takashi Nakamura, M.D., Ryo Katori, M.D., Kozui Miyazawa, M.D., Sho Ohtomo, M.D., Tatsuzo Watanabe, M.D., Tetsuya Watanabe, M.D., Yasuhiro Miura, M.D., and Takao Takizawa, M.D.* 193

Fundamental Studies on the Maintenance of the Circulation in Cardiac Asystole by the Mechanocardiac Pulsator. *Gerald A. Jones, M.D., Norman J. Siderius, M.D., William E. Adams, M.D., Paul B. Stewart, M.D., and Salvatore L. Nigro, M.D.* 207

Unusual Complication of Pulmonary Arteriovenous Aneurysm: Intrapleural Rupture. *W. H. Brummelkamp, M.D.* 218

Summary of Current Therapy: The Nature and Management of the Post-Commissurotomy Syndrome. *Arsenio Cordeiro, M.D.* 222

Electrocardiogram of the Month: Marked Electrocardiographic Changes after Exercise. *E. Grey Dimond, M.D.* 225

X-ray Film of the Month. *Samuel Kamberg, M.D., and Bernard S. Loitman, M.D.* 226

Chapter News 229

27th Annual Meeting of the College 230

Number 3, March, 1961

Management of Esophageal Hiatus Hernia Syndrome and Associated Abnormalities with Balanced Operations. *J. K. Berman, M.D., E. J. Berman, M.D., and A. H. Lalonde, M.D.* 233

Resectional Therapy for Pulmonary Tuberculosis at Sunmount, 1950-1957, 807 Cases. *Victor M. Kimel, M.D.* 249

A Method of Continuous or Intermittent Tracheobronchial and Pulmonary Infusion. *M. Aronovitch, M.D.* 251

Observations on the Cytology of Tracheobronchial Secretions Collected by a New Technique. *David V. Pecora, M.D., and M. Wilson Toll, M.D.* 256

Preoperative Diagnosis of Tuberculous Endobronchitis, A Radiologic Study. *Hans Kumar, M.D.* 260

Experimental Lung Resection During Vascular and Bronchial Occlusion. *N. J. Demetrakopoulos, M.D., and F. J. Lewis, M.D.* 263

Tracheal Fenestration: A Critical Evaluation. *Mark W. Wolcott, M.D., Thomas J. Kiernan, M.D., Bernard Sigel, M.D., and George L. Baum, M.D.* 268

Needle Biopsy of the Parietal Pleura in Tuberculous Effusion. *William Weiss, M.D.* 271

Nitrites in the Treatment of Bronchial Asthma. *Irving Hirshleifer, M.D., and Yogesh Arora, M.D.* 275

Bronchopulmonary Sarcoidosis Confirmed by Bronchoscopic Biopsy. *John H. Hirschfeld, M.D., and Milton B. Kress, M.D.* 284

X-ray Film of the Month. *Stewart Reuter, M.D.* 291

SECTION ON CARDIOVASCULAR DISEASES

Congenital Intracardiac Defects plus Pericardial Disease: Clinical and Surgical Findings in Six Cases. *Herbert J. Semler, M.D., Robert O. Brandenburg, M.D., and John W. Kirklin, M.D.* 293

Atrial Fibrillation, Reversion to Normal Sinus Rhythm. *R. W. Kissane, M.D., James J. Conn, M.D., and Stewart M. Rose, M.D.* 299

Electrocardiographic Ischemic Patterns without Coronary Artery Disease. *Jan K. Kwoczynski, M.D., Ali Ekmekci, M.D., Hideo Toyoshima, M.D., and Myron Prinzmetal, M.D.* 305

Summary of Current Therapy: The Rationale for the Treatment of Ischemic Heart Disease with Anticoagulants. *Lawson McDonald, M.D.* 317

Electrocardiogram of the Month: Recent and Old Posterior Wall Infarction. *Otto Neurath, M.D., and Stephen R. Elek, M.D.* 323

Chapter News 325

Preliminary Program, 27th Annual Meeting 327

Number 4, April, 1961

Cigarette Smoke and the Physiologic Drainage of the Bronchial Tree. *A. C. Hilding, M.D.* 357

Physiologic Auto-Control of Mechanical Respirators. *Sam E. Stephenson, Jr., M.D., W. Young, M.D., L. H. Montgomery, M.D., and R. Batson, M.D.* 363

Is Serious Pulmonary Disease Caused by Nonphotochromogenic ("Atypical") Acid-Fast Mycobacteria Communicable? *Horace E. Crow, M.D., Raymond F. Corpe, M.D., and C. Edwin Smith, M.D.* 372

A Transistor Electronically Controlled Respirator. *Hugh D. Bennett, M.D., and Hollis G. Boren, M.D.* 382

The Effect of Respiratory Tract Obstruction Upon the Ventilatory Response to Inhaled Carbon Dioxide in Normal Subjects. *Philip Samet, M.D., Eugene Fierer, M.D., and William H. Bernstein, M.D.* 388

Report on the Use of Cycloserine and Isoniazid in Twenty-Seven Cases of Pulmonary Tuberculosis in Psychotic Patients. *Paul C. Burnett, M.D., and Donald Brodie, M.D.* 403

Effect of Propyliodine (Dionosil) Bronchograms on Blood Iodine and Radio-iodine Uptake. *Leroy Hyde, M.D., and Ralph E. Bodfish, M.D.* 407

Sarcoidosis: Clinical and Thoracic Roentgen Features. *Samuel Cohen, M.D., Mario J. Albini, M.D., and David Abed, M.D.* 412

Bilateral Primary Invasive Carcinoma of the Lungs. *Robert J. Hartsock, M.D., and Edwin R. Fisher, M.D.* 421

Aspergillosis of the Lung. *Newell T. Braatelien, M.D., and Harold M. Perlmutter, M.D.* 425

Massive Pulmonary Infarction Simulating Carcinoma of the Lung. *John E. Connolly, M.D., and John W. Smith, M.D.* 429

X-ray Film of the Month. *Ilhan Vidinel, M.D.* 433

SECTION ON CARDIOVASCULAR DISEASES

Straight Back Syndrome: A New Heart Disease. *Maurice S. Rawlings, M.D.* 435

The Present Status of Open Heart Surgery by Means of the Pump Oxygenator. *T. Sunada, M.D., and K. Inada, M.D.* 444

Pulmonary Hypertension of Unknown Cause. *Fred Y. Durrance, M.D., and Paul Winchell, M.D.* 452

Summary of Current Therapy: Tersavid (RO 4-1634) an Amine Oxidase Inhibitor for the Treatment of Angina Pectoris. *Sydney J. Weisman, M.D., and Samuel A. Weisman, M.D.* 459

Electrocardiogram of the Month: Electrocardiographic Clues in the Diagnosis of Syncope. *Herbert J. Semler, M.D., and Milton W. Anderson, M.D.* 464

Editorial: The Mutations of M. Tuberculosis. *Henry C. Sweany, M.D.* 467

The President's Page 471

College Chapter News 472

Number 5, May, 1961

Air Pollution and Chest Disease. *Peter V. V. Hamill, M.D.* 477

Surgical Approach to Pulmonary Emphysema. *Otto C. Brantigan, M.D., Milton B. Kress, M.D., and Eugene A. Mueller, M.D.* 485

Contribution of Bronchopleural Gas Leak, After Resection of Emphysematous Bullae, to CO_2 Excretion. *Aquiles J. Roncoroni, M.D., Alberto Agrest, M.D., and Alicia Blasco, M.D.* 500

Pregnancy and Tuberculosis. *B. R. Mehta, M.D.* 505

A New Vista in Pulmonary Cytology: Aerosol Induction of Sputum. *William O. Umiker, M.D.* 512

Effect of Changes in Arterial pH on the Action of Adrenalin in Acute Adrenalin-Fast Asthmatics. *J. S. Blumenthal, M.D., M. N. Blumenthal, M.D., E. B. Brown, Ph.D., G. S. Campbell, M.D., and A. Prasad, M.D.* 516

A Long-Term Followup of 30 Neuropsychiatric-Tuberculosis Patients with the "Open-Negative" Syndrome of Indefinitely Prolonged Chemotherapy. *Thomas Worobec, M.D., and Leonard Krasner, M.D.* 523

Treatment of Regurgitant Esophagitis by Reconstruction of the Cardiac Sphincter Mechanism in Patients with No Demonstrable Hiatal Hernia. *Frederick S. Cross, M.D., Earle B. Kay, M.D., and George V. Smith, M.D.* 530

Pulmonary Cryptococcosis—Report of a Case Treated with Amphotericin B. *Everett Rhoades, Captain, USAF (MC), Harold G. Muchmore, M.D., and James F. Hammarsten, M.D.* 535

Pulmonary Atelectasis Due to Voluntary Suppression of Cough. *Marvin S. Harris, M.D.* 539

A Case Report of Thymic Cyst. *K. Yamakawa, M.D., Y. Tsuchiya, M.D., S. Naito, M.D., and J. S. Kawaguchi, M.D.* 542

Expectoration of Foreign Body Lodged in Bronchus for 27 Years. *J. Rowland Reid, M.D., and J. W. Lewis, M.D.* 546

X-ray Film of the Month. *Gerald Kurlander, M.D.* 549

SECTION ON CARDIOVASCULAR DISEASES

The Physiologic Advantage of Oxygen During Exercise in Patients with Coronary Artery Insufficiency. *Eduardo R. Pons, Jr., M.D., and Judith L. Berg, M.D.* 551

Transmural Ventricular Pressures and Pulsus Paradoxus in Experimental Cardiac Tamponade. *Ralph Shabetai, M.D., Noble O. Fowler, M.D., John R. Braunstein, M.D., and Mosche Gueron, M.D.* 557

Broad Spectrum Rehabilitation. *Harold Bernstein, M.D.* 569

Summary of Current Therapy: Physical Working Capacity, An Index of Cardiac Fitness. *Forrest H. Adams, M.D., and Leonaard M. Linde, M.D.* 577

Electrocardiogram of the Month: Intermittent Complete Left Bundle Branch Block Associated with Psychologic Factors. *Edgar J. Caldwell, M.D., Arthur M. Levy, M.D., John S. Hanson, M.D., and Burton S. Tabakin, M.D.* 579

Editorial: Permanent Tracheostomy for Pulmonary Cripples. *Edgar Mayer, M.D.* 581

27th Annual Meeting 585

Obituary 586

Number 6, June, 1961

Synopsis of the Panel Discussion: The Question of Resistant Staphylococci and Tubercle Bacilli. *Gerhard Domagk, M.D., Henry C. Sweany, M.D., Gertrud Meissner, M.D., and Julka Popovic, M.D.* 587

Differential Diagnosis of Bronchiectasis and Bronchitis. *John E. Rayl, M.D., E. D. Peasley, M.D., and John T. Joyner, M.D.* 591

Sweat Electrolytes in Familial Pulmonary Disease. *J. E. Mielke, M.D., and Fred Y. Durrance, M.D.* 601

Effect of Experimental Tuberculosis on Incorporation of C^{14} Acetate into Fatty Acids and Cholesterol. *E. P. M. Bhattathiry, Ph.D., T. A. Venkitasubramanian, Ph.D., and R. Viswanathan, M.D.* 609

The Circulation of the Primary Lobule of the Lung. *K. K. Pump, M.D.* 614

A County-Wide School Certification for Tuberculosis Control: Newton County, Missouri. *C. A. Brasher, M.D., F. E. Tosh, M.D., J. L. Yates, M.D., C. W. Meinershagen, M.D., and M. L. Gentry, M.D.* 622

Pulmonary Fungus Infections Associated with Steroid and Antibiotic Therapy. *Herschel Sidransky, M.D., and Maurice A. Pearl, M.D.* 630

Bronchiolar Carcinoma. *George S. Schools, M.D., and Edward S. Ray, M.D.* 643

X-ray Film of the Month. *C. D. Noonan, M.D., and R. E. Rousseau, M.D.* 646

SECTION ON CARDIOVASCULAR DISEASES

Transfer of Coronary Ostia by "Triangulation" in Transposition of the Great Vessels and Anomalous Coronary Arteries. *Thomas G. Baffes, M.D., Fabian H. Ketola, M.D., and Constantine J. Tatooles* 648

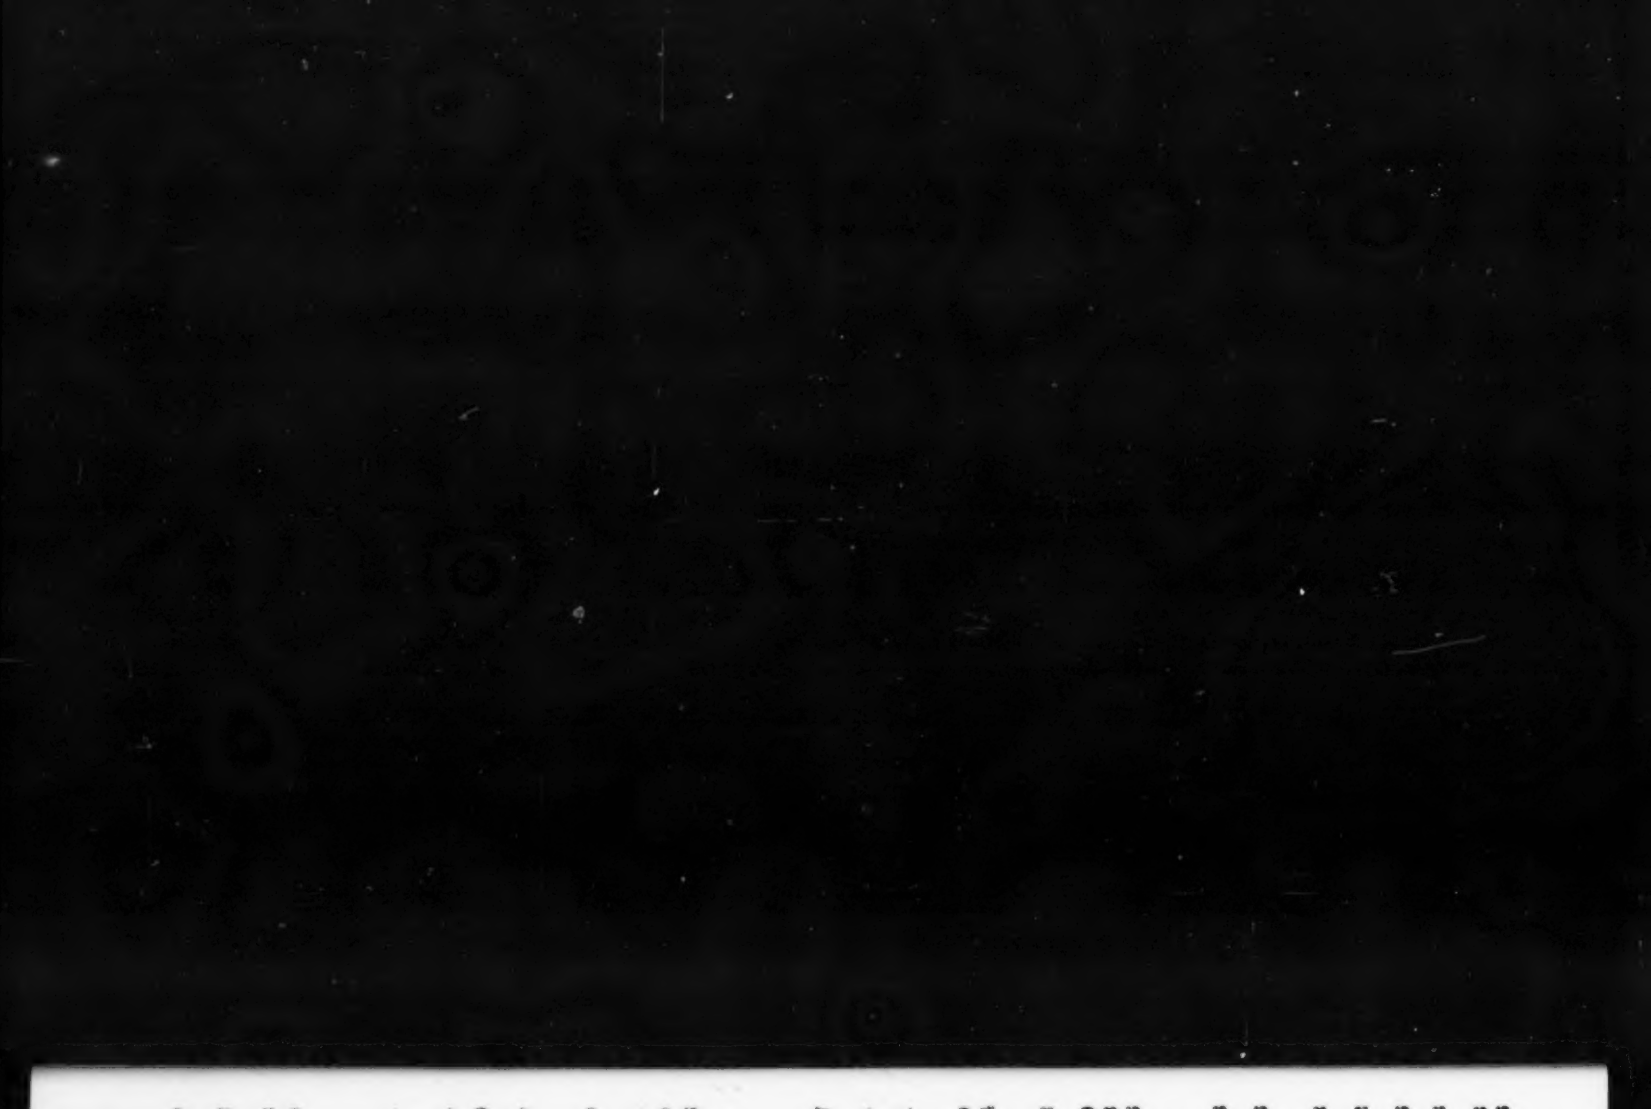
Pulmonary Function in Cardiac Disease. *Glenn E. Horton, M.D., I. Ralph Goldman, M.D., and James W. Pate, M.D.* 656

Role of Aortography in Diagnosis and Management of Dissecting Aneurysms of the Aorta. *Richard H. Greenspan, M.D., Eugene F. Bernstein, M.D., James Scatlif, M.D., Thomas O. Gentsch, M.D., and Herbert E. Warden, M.D.* 663

Summary of Current Therapy: Dosage Schedules in Anticoagulant Therapy. *George C. Griffith, M.D.* 672

Electrocardiogram of the Month: Pseudo-Nodal Rhytthm Caused by Cigar Smoking. *Leonard S. Dreifus, M.D., and Paul D. Siegel, M.D.* 676

Critical Evaluation of a Recent Trial of Isoniazid Prophylaxis. *G. W. Comstock, M.D., S. H. Ferebee, and F. W. Mount, M.D.* 678

Editorial: The Necessity for Prompt, Accurate Diagnosis of Pulmonary Lesions. *Karl P. Klassen, M.D.* 683


Dr. Hollis Johnson Takes Office as College President 686
